I am Allan Hardman, author of The
Everything Toltec Wisdom Book,
and a Toltec Master in the lineage of don Miguel Ruiz ~ author of The
Four Agreements. I have
combined here the wisdom of the ancient masters with modern models of
Jungian archetypes, the Inner Child, Alchemical Hypnotherapy,
Metaphysics, and New Thought to create this powerful community we call
TACO. Please join us, and share this journey with us.

The Toltecs of Ancient
Mexico

The Toltec were not a race or
culture like the Aztecs or Mayans who came later, but were a society of
artists and spiritual seekers who came together more than two thousand
years ago to establish cities and build Teotihuacán, a pyramid complex
north of Mexico City we know as "the place where humans awaken and
remember their divinity." For many centuries, these people explored
their external and internal universes, and
accumulated deep wisdom about the nature of the human mind and how it
dreams "reality."

The name "Toltec" was
given to the builders of Teotihuacán by the Aztecs, who settled in the
area centuries after the Teotihuacanos had left and abandoned the
pyramids. The name means "artist" in the ancient language, and we
embellish it a bit to call all of us who benefit from this healing
wisdom, "Artists of Life," or "Artist of the Spirit."

At TACO we are creating spiritual community
through love in action

We are a community of people who have come together to explore a new and better way of life, based on love, acceptance, personal responsibility, and respect.

THE TACO EXPERIENCE

TACO is a valuable resource for you to change what we call your "personal dream" to one of freedom and love. It is here for anyone who longs for a community of like-minded seekers learning to live with common-sense spiritual principles and openness to the truth of What Is.

We have created a living interactive social community on-line, where you and I can share the transformational power of the Toltec Wisdom and other paths. You may choose to use this site for your own private study, or join in the conversations and activities of the Community in the spirit of apprenticeship. However you choose to participate, I would like to invite you to experience a journey with me that could change your life forever. The Toltec knowledge and wisdom is here. A community of love and support is here. Your preparation for journeys with me to places of power and the heart is here.

And all of my love and intent for your personal freedom are here. Welcome.

How TACO works. . .

The online teaching material
presents the three masteries of the Toltec path— Awareness,
Transformation, and Intent. I encourage you to use my book, The
Everything Toltec Wisdom Book, and The Four
Agreements by my teacher, don Miguel Ruiz, as the companion
guides to your study here.

TACO is divided into nine
Gateways, each of which contains several PathSteps. Each
Gateway includes:

- Teaching text
- Assignments and
exercises
- Illustrations
- Audios of the teachings
and guided journeys
- Suggestions for related
books to read and movies to watch

- A Tarot journey that parallels and enhances your learning

- "Just For Fun" pages to remind us there is a light side to our personal growth

- Self Reflection Questions for each Gateway

- The option to choose an experienced TACO Mentor as your guide and support on your journey

- A page printing option for studying under the apple tree

-

The Chat Room brings members together to learn, share, and play. MyTACOSpace is the perfect place to communicate with other members through your profile, photo album, and blog; the discussion boards, and intra-TACO e-mails.

-

Exclusive TACO member TeleClasses and e-mails, along with my participation in the Chat Room three times a week, offer you the chance to ask questions, discuss the PathStep material, or explore your personal process.

-

TACO Mentors are available to witness and assist you on your journey.

-

You also have the option of upgrading your membership to include spiritual coaching with me to explore and resolve personal issues that come up during your TACO study.

- Members look forward to gathering in person at our Summer Celebration of Life in Northern California each year, on Journeys of the Spirit to Teotihuacán, the Toltec pyramid complex outside of Mexico City, and our learning center at the beach in Chacala, Mexico. Many wonderful personal relationships have begun in TACO and at these reunions.

I strongly urge members to take their time, and continue studying each Gateway for at least a month or more. Changing your life by changing your mind takes time, and I want you to never have to go back and start over. Give yourself the gift of thorough and dedicated study along with active participation in the community—and reclaim the life you were meant to live.

Don't waste another moment! Join TACO now, and begin your journey to self-acceptance and personal freedom. With memberships beginning at \$35 a month, and a 30-day, money-back guarantee, there is no reason not to join this living community and find out just how good life can be!

The Toltec Path to Personal Freedom

Personal freedom is freedom from judgment, fear, and suffering. It is the freedom to take charge of your own emotional body -- to no longer be a puppet of other people's expectations, emotional reactions, or behavior. The goal of the Toltec path is happiness and the celebration of Life. We believe that even though pain is part of the human condition, suffering as a victim is optional.

This is a "Path of Action." It is a way of life that ultimately opens our hearts directly to Spirit, to Life itself. It is not a religion. There are no rules, no dogma, and no right or wrong way to be a "Toltec"; . . . in fact, you don't even have to think of yourself as a Toltec to do this work. This path is compatible with the time-honored wisdom of masters and spiritual paths from all cultures and philosophies, and embraces beliefs found in Buddhism, Christianity, Science of Mind, Unity, and others.

The Toltecs teach us that Light is the messenger of creation. As humans, we have receptors for that light, and use it to create a virtual reality in our minds we call "real" -- the Toltecs know it as our "Dream." We are all "dreaming" a personal dream created as we distort and filter the Light through the limiting beliefs, opinions, judgments, and old agreements from our domestication as children. These distortions rarely serve our highest good as adults.

This path to freedom is the process of using your awareness to discover how you are distorting the Light of creation, deciding if it serves you, and changing it if it does not. Simple, yes? Easy? Not necessarily. I will say to you what don Miguel Ruiz said to me many years ago: "If I can do it, you can do it."

If you have questions or concerns, please call or write. I, or the Joydancer staff, are always happy to share about TACO, about the Joydancer Journeys of the Spirit, and the rest of the work we do.

"I am filled with gratitude to all of my many students and apprentices who have accepted my invitation to travel this path of personal freedom with me. Your desire for freedom, your perseverance, your setbacks and successes, have pulled from me the silent knowledge that has enriched all of our lives and has led directly to the creation of this online learning community, TACO.

Thank you. I love you all."
